I am a creative Information Technology student with hands-on experience in web development, Java, Python, IoT concepts, UI/UX design, and cloud technologies. Passionate about building user-centered digital solutions that combine technical skills with creativity. Seeking opportunities to contribute, learn, and develop impactful software and digital experiences.

WORK EXPERIENCE

ING Skill
Intern (6 Months)

- Developed strong communication and interpersonal skills while engaging with students, parents, and stakeholders.
- Supported the Marketing Team by assisting with outreach activities, audience engagement, and promotional coordination.
- Served in the Recovery Team, helping maintain follow-ups, student retention, and service satisfaction.

Uniglobe Higher Secondary School • GPA: 3.58 (89%) 01/2022 - 01/2024

Secondary Education (SEE)
Euro School • GPA: 3.45 (80%) 01/2012 - 01/2022

CERTIFICATIONS

AWS Academy Graduate - ML Foundations
AWS Academy
AWS Academy Graduate- Data Engineering
AWS Academy
AWS Academy Graduate- Cloud Foundations
AWS Academy
Code Management with VCS Certificate
UI/UX With Figma
Java Object Oriented Programming

PROJECTS

Smart Glasses (Meta-Glass IoT)

Arduino • IoT • Sensors

Designed an IoT smart glasses prototype integrating sensors and real-time interaction.

GUI-Based Java Application

Java • Swing

Developed a desktop application with an interactive graphical user interface using Java Swing.

Inventory Management System (Python)

Python

Developed an inventory management system for stock tracking, record updates, and efficient data handling.

Interactive Games in Java

Java • OOP • Java Swing

Developed interactive Java-based games implementing object-oriented programming principles, game logic, event handling, and user-friendly graphical interfaces.

Web Development

HTML • CSS • JavaScript

Designed and developed responsive websites with modern layouts, interactive front-end features, and optimized user experiences across desktop and mobile devices.

UI/UX App Wireframing

GTC Business Website

HTML • CSS • JavaScript

Developed a responsive business website showcasing company services, brand identity, and professional content with a clean and modern user interface.

Company Portfolio Website

HTML • CSS • JavaScript

Designed and developed a responsive portfolio website highlighting company projects, achievements, and brand identity through an engaging and visually appealing interface.

Online Transportation Website

HTML • CSS • JavaScript

Built a responsive transportation platform featuring route information, service details, booking functionality, and an intuitive user interface for seamless navigation.

Hangaura – Online Event Booking System

HTML • CSS • JavaScript • Git • GitHub

Designed and developed a responsive event booking platform featuring event browsing, booking workflows, and a modern UI.
